Personal Profile

I am a front-end developer/web-designer with a background in IT and customer service. Currently I can code in HTML, CSS, JavaScript, C#. I am keen in adapting my knowledge within this industry and continuing to grow.

Please check my personal website at <https://justin-gira.netlify.app> and see the projects I have created.

Personal Projects

E-com - built an interactive E-commerce website, which allow the user to look for products, and allows them to add to basket and sums up a total for the user.

Weather App - Created a weather app using API allowing the user to type in a city or country and to find out the temperature, weather description and hi and low temp of the day.

Travel Website - This project is about travelling around Canada and exploring for yourself the best parts, the most recommended places, accommodates for all ages, fun activities for everyone

IT Skills

Soft Skills

Problem solving
Time management
Teamwork
Communication
Self-motivated

Tech Skills

HTML
CSS
JavaScript
C#
Bootstrap

Experience

02/20-08/2020

Software Developer Professional Programme

- Joined a self-funded in-class course where I studied and used the latest tools and technologies for development together with a small group of other learners.
- Used Visual Studio and Visual to create front-end apps with HTML5/ CSS3 JavaScript and back-end-applications with C#/.NET
- Learned how to design and develop database using MS SQL Server.
- Created Full-Stack apps using ASP.Net MVC, Entity Framework6 and MS SQL Server.

07/19-03/20

Agency Driver, Park Royal - Delivery Driver

- Made sure I managed my time well and got to the customer's premises on time with a high level of professionalism towards the customer.
- Going an extra mile to assist my work colleagues and customers if they are in need of assistance.

06/12-05/19

Icelands, East Finchley / Neasden - Duty Manager

- Delegating specific areas of responsibility to staff for which they will be accountable
- Monitoring, taking corrective action where necessary, and the communication standards of operational excellence to ensure the smooth running of the company whilst on shift.
- Producing a staff roster and managing.
- Managing, motivating and developing the team, ensuring that training standards is maintained and always providing excellent customer service.
- In charge of handling profits at the end of shifts and making sure we are meeting targets required.

Education

09/10-06/12

Barent College, Barnet and Southgate College - Wood Street

Campus, Wood St, Barnet, EN5 4AZ

A Level:

BTEC IT Practitioner Level 3 (MERIT/MERIT)

Interests

Computing: Currently working on a game app, which allows the user to guess a colour that is given and to pick one out of the four, which is the correct answer. I am also building a website for a client. I am further improving my skills in JavaScript as I enjoy the interactivity and C#, as I would like to get more familiar with back-end.

Hobbies: I enjoy playing basketball, travelling, going gym and gaming.
